

TED^xOneonta

x = independently organized TED event

HISTORY of TED

TED is a nonprofit organization founded in 1984 as a conference where leaders of Technology, Entertainment, and Design come together to share ideas worth spreading. The organization has grown rapidly in the last fifteen years and TED speakers bring a wide array of expertise to the TED stage. The global TED community welcomes people from every culture and background who seek a deeper understanding of the world and believe that the power of ideas can change attitudes, lives and the world. TED opened its format to local, independently organized events called TEDx in 2006.

x = independently organized TED event

TEDxOneonta is designed to bring together a diverse group of community members to share ideas and become change-makers. TEDxOneonta is just the start of the conversation – it makes new connections, reinforces or reignites existing ones. It will open the door of possibility and keep inspiration a part of our lives. Participants will get to know each other and share their stories as well. The event is not a concert or a performance, but one that requires participation and a willingness to engage.

September 16th, 2017, 1-5pm

Foothills Performance Arts Center, 24 Market Street, Oneonta

The 2017 TEDxOneonta Speakers

Sohail Zandi	The Entrepreneurs Exodus
Rebecca Morgan	Our Food System in Brief: The Pickle We're In and Why It's Time to Bet the Farm
Julie Dostal	Expendable People
Dean Roberts	Dumb Plans and Lucky Brakes
Ashok Malhotra	Ninash Foundation as Compassion in Action
Emma Doyle	Listen Before You Lead
Bill Berthel	Connecting our Emotions to our Values
Curt Ebersole	Social Emotional Leadership: Engaging Students with Positive Psychology
Jennifer Baker	What We Don't See in Books/Media Has Repercussions
