PARTICIPANT COMMITMENT

The Leadership Otsego 2022 is a series of six full-day sessions including presentations and discussions by area leaders, as well as, additional networking opportunities throughout the month. The insights and contributions of all participants during the Program are essential to the success of the individual participants and the Program.

Attendance: Attendance at all sessions is critical. The overall quality of the Program depends upon interactive dynamics of the entire class with the presenters and the absence of any group member diminishes the quality of everyone's learning process and experience. We do understand that professional obligations may require a participant to miss all or part of a class session, and therefore, one class absence is allowed. Please inform the Program Director if you must miss a class.

Participation: Participation is active engagement with class participants and presenters. Presenters expect to clarify their viewpoints and be challenged with questions from class participants. Prior to each session, an agenda and session materials will be sent. Participants are expected to review the pre-session materials and come to class ready and willing to listen, learn and contribute.

APPLICANT: I understand the attendance and participation commitments required for the Leadership Otsego as described above. If selected, I am willing to devote the necessary time to actively participate in all sessions. I have addressed this commitment with my employer and anyone who may be affected by my decision and they concur with my participation.
